

[www.supind.com](http://www.supind.com)

Founded in 1957, Superior Industries has grown to become one of the largest light vehicle aluminum wheel suppliers in the world. Headquartered in Southfield, MI, Superior operates nine manufacturing facilities and employs approximately 8,000 people in North America and Europe. For over 60 years, they have delivered innovative and quality products. Superior has the expertise and technology to deliver the latest trends and finish varieties. As a leading producer, they continue to pioneer light weighting and finishing technologies to meet their customers' needs. In 2017, Superior Industries completed the acquisition of UNIWHEELS in Germany. This transformational acquisition doubled the size of the company and diversified the customer portfolio. With a #1 market position in North America and #3 in Europe, Superior plans to continue to expand its global capabilities and market leadership. The Company is traded on the New York Stock Exchange, and Superior Industries has annual revenues of approximately \$1.4 billion.
