

The Superior Industries Europe Group is one of the leading manufacturers of aluminum wheels for cars in Europe and one of the few technology leaders in the aluminum wheel industry worldwide.

Superior Industries Europe is the third largest European OEM wheel supplier for the automotive industry and the leading manufacturer of alloy wheels for the accessories market (AM) in Europe. Our global teams collaborate and partner with customers to design, engineer and manufacture a wide variety of innovative and high-quality products utilizing the latest lightweighting and finishing technologies. Superior also maintains leading European aftermarket brands including ATS®, RIAL®, ALUTEC® and ANZIO®. The Europe Group currently has four production plants, three are based in Poland (Stalowa Wola) and one in Germany (Werdohl).

For our **Research & Development** team in **Lüdenscheid** we are looking for a:
